

Plan Overview

En aquest apartat el personal investigador no ha d'omplir res, només es dona informació sobre la plantilla escollida.

En acabar de llegir la informació, el personal investigador pot clicar el botó "Write Plan" per començar a escriure el pla de gestió de dades.

Plantilla i descripció

Plantilla seleccionada i breu descripció d'aquesta.

Horizon Europe

This plan is based on the "Horizon Europe" template provided by Consorci de Serveis Universitaris de Catalunya.

The Horizon Europe Model Grant Agreement requires that a data management plan ('DMP') is established and regularly updated. The use of this template is recommended for Horizon Europe beneficiaries. In completing the sections of the template the requirements for research data management of Horizon Europe as described in article 17 analysed in the Annotated Grant Agreement, article 17, must be addressed.

This tool is intended to support researchers in creating their Data Management Plans. It is specifically aimed at projects financed under the EU's Horizon Europe programme.

This tool was prepared by the CSUC's Working Group to Support Research, which is composed of representatives from the following universities: University of Barcelona, Universitat Autònoma de Barcelona, Universitat Politècnica de Catalunya, Pompeu Fabra University, University of Girona, University of Lleida, Universitat Rovira i Virgili, University of Catalonia, University of Vic-Central University of Catalonia, Ramon Llull University, Universitat de les Illes Balears and Universitat Jaume I.

Versió i data

Última versió i data d'actualització de la plantilla a l'eina.

Template version 19, published on 13 September 2023

Seccions que conté la plantilla seleccionada.

1. Data summary
 - Provide a summary of the data
2. FAIR data
 - 2.1. Making data findable, including provisions for metadata
 - 2.2 Making data accessible
 - 2.3 Making data interoperable
 - 2.4 Increase data re-use (through clarifying licenses)
3. Other research outputs
 - Describe other research outputs
4. Allocation of resources
 - Explain the allocation of resources
5. Data security
 - Explain data security
6. Ethics
 - Explain all ethics or legal issues related to the research
7. Other issues
 - Refer to other national/funder/sectorial/departamental procedures for data management that you are using (if a
